## Please Wait For The Host To Be Seated

### REOPENING FOR INDOOR & OUTDOOR DINING

We want all of our guests and our staff to be safe. With that said, service is going to look a little different for the time being. Here is what you can expect:

- All guests and staff **MUST** wear masks while entering the restaurant (with the exception of eating/drinking). You will not be allowed inside without a mask, even to use the restroom.
- All guests must practice social distancing and maintain 6 ft from one another. Tables have been arranged to accommodate this.
- Congregating in groups will not be allowed including our bar, patio and entrance.
- If you are showing symptoms, you will not be allowed to dine with us and will be asked to come back once you are feeling better or no symptoms persist.
- You will be asked to provide contact information so we can notify you of any cases that present.
- All employees are required to wash their hands and sanitize surfaces every 30 minutes.
- All Menus will be sanitized or offered digitally on your phone.
- No more than 50 guests will be allowed inside the restaurant in a given time. Groups are limited to 8 people maximum. We **HIGHLY** encourage making a reservation in advance. We will be taking reservations for both our patios and inside.

### LET'S ALL STAY SAFE

- Please make a reservation ahead of your visit
- If you have any symptoms please stay home
- Wash your hand thoroughly and often
- Maintain six foot social distancing
- Parties of 8 or fewer
- Wear a mask upon entry and whenever possible while inside
